

About ClearOne Advantage: How do you get paid?

Our fees come out of your monthly payment.

We charge you 15% of the enrolled debt amount, broken down into a 5% retainer and a 10% service fee. The retainer is charged over the first three to four months of your program, and the service fees are billed over the following 15 months. ClearOne Advantage charges a \$39 Maintenance free from months 20 to completion. The good news for you is that there are **zero up front fees**.

Plus, we are also the only company with a **money back guarantee**: if we don't save you at least 3 times our service fees, we will refund your service fees. Bottom line: our interests are aligned with your best interests.

The only thing that you need to worry about is making your monthly payment...there are no additional charges or fees on top of that amount.

Disclaimer - Individual results may vary and are dependent on successful completion of program and ability to save funds. ClearOne Advantage does not assume or pay any debt, nor does it provide legal advice or offer credit repair. Read and understand the contract terms before enrolling.
